What is Plant-a-Row for the Hungry?

- **University of Illinois Extension-Winnebago County Master Gardeners** work to raise awareness about the issues surrounding hunger in our community.
- **Plant-a-Row for the Hungry** provides a much needed outlet for vegetable gardeners to donate their over-abundance of produce, which helps to meet the increasing demands on local food pantries.
- U of I Extension inspires gardeners to "**plant an extra row**" of veggies in their gardens with the intent of donating that extra produce to help end hunger.
